

Channel Craft

PO Box 101 Charleroi, PA 15022 (724) 489-4900 (FAX) 489-0773 www.channelcraft.com

Hello Folks-

We at Channel Craft take our responsibility to manufacture safe and healthy toys seriously. I understand that you're concerned with the new requirements under the Consumer Products Safety Improvement Act. I'd like to address your concerns - and assure you that Channel Craft's Authentic American Toys, Games & Puzzles are still crafted right here in the USA and comply well within the limits set forth in the CPSIA for lead and phthalates.

Our raw materials are furnished by other U.S. Manufacturers who provide us with M.S.D.S. (Material Safety Data Sheets) on all components and finishes that we use to ensure the safety of our finished products.

Our craftsmen and women have been trained in T.Q.M. (Total Quality Management) and our Quality Control standards function in every department - not just at a Q.C. station at the end of the production line.

Channel Craft's factory is located south of Pittsburgh, Pennsylvania in a town called Charleroi. Insurance carriers who verify OSHA standards and confirm Labor & Industry certifications inspect all of our departments annually. You will find our general conformity certificates for each of our products available on our website at:

Channel Craft's employees, managers, representatives and myself are proud to be one of the few remaining U.S. toy companies continuing to prime manufacture your merchandise right here in the USA.

Thank you for your concerns and your continued support for our Authentic AMERICAN-MADE Toys, Games & Puzzles.

Have Fun!

Dean J. Helfer, Jr.
President & Founder, CC & D, Inc.
